FLETCHER CONSTRUCTION ENDORSEMENT FOR GREEN SOLUTIONS LTD

To Whom in may Concern:

Wellington, 26th of July 2010.

Fletcher Construction is the main Contractor on the new Customhouse Building located at Harbour Quays, Centreport, Wellington. The main tenant is the New Zealand Customs Department.

BECA are the mechanical ventilation designers

Hot Chilly Ltd is the Mechanical ventilation Subcontractor on this project who engaged GREEN SOLUTION LTD as the official representative of SWEGON AB in New Zealand. SWEGON are a major supplier of ventilation equipment in Europe and the Customhouse was their first project in New Zealand.

The new Customhouse building has been designed and constructed to a high standard and is rated 5 stars under the NZGBC rating system. The ventilation equipment supplied by Green Solutions/Swegon is of a high quality and very efficient.

Our experience with Green Solutions Ltd was very positive and we find this company very professional and reliable supplier of HVAC / heating ventilating and air conditioning equipment.

We would not hesitate to use them on future projects.

Richard Cameron,

Project Manger

Fletcher Construction
